

Focus Select®

- + EYE NUTRITION MADE EASY
- + AVAILABLE IN A SOFTGEL OR CHEWABLE
- + SAFER FOR MORE PATIENTS

AREDS2 Based Formula

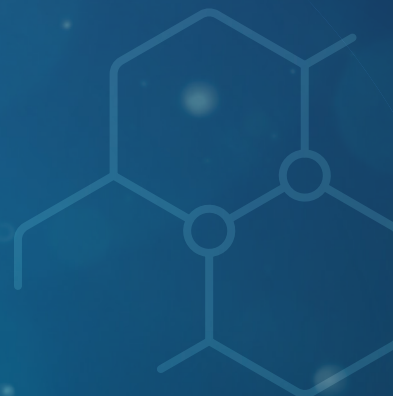

Essential vitamins and minerals to support macular health.*

We believe our #1 physician recommended supplement is the safest and most effective formulation to support ocular health.*

The Focus Select® formula reflects the latest improvements discovered in the National Eye Institute's Age-Related Eye Disease Study (AREDS2®), replacing beta-carotene with lutein and zeaxanthin and limiting zinc to the lowest dosage proven effective in the study. Our formulation not only provides powerful levels of the nutrients shown to be beneficial in AREDS2®, it is safer for smokers than the original AREDS® and reduces the risk of side effects associated with higher levels of zinc found in common brands.*

* These claims have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure, or prevent any disease. AREDS® and AREDS2® are registered trademarks of the US Department of Health and Human Services and is not affiliated with Covalent Medical, LLC.

CHEWABLE A Chewable option is available for those who have patients who struggle swallowing pills. **Speak to your representative to learn more.**

FOCUS SELECT® OPTIONS:

Softgel

- + #1 Best Seller
- + Available in 30 or 90 Day
